

2018 PASE @ PACE CONFERENCE UNIVERSITY

CALL FOR 2018 CONFERENCE WORKSHOP PROPOSALS

We are seeking proposals for our annual citywide conference *Afterschool Leadership, Partnership, Impact* to be held at Pace University in New York on July 24, 2018, co-sponsored by Pace University's School of Education. As we celebrate our 25th year, this signature event celebrates the impact of the field on the lives of youth and families and promotes innovation and research to sustain this work. Over 400 leaders, staff, educators, capacity builders, researchers, resource providers, and other stakeholders attend this day-long conference devoted to the innovative programs and visionary leadership of the afterschool field and the impact of afterschool services on children and their families, schools, and the community as a whole.

We are seeking proposals that advance the work of the afterschool field by:

- ✓ Highlighting exciting trends in youth services
- ✓ Exploring best practices in afterschool services
- ✓ Introducing relevant research or policy
- ✓ Supporting afterschool advocacy efforts

Presentations should be targeted to afterschool professionals and leaders and reflect the diversity of services found in the afterschool and youth development field. We welcome a range of topics and invite you to consider sessions that promote:

- ✓ the leadership and management of organizations
- ✓ high quality, innovative, and responsive program content
- ✓ the impact of programs on stakeholders
- ✓ effective partnerships and collaborations

This year we are seeking two different conference presentation formats. Select the format that best suits your content delivery.

- **90 Minute Workshop** — an interactive workshop, panel, and/or guided discussion
- **30 Minute Express Sessions** — a presentation with Q & A on a discrete topic

Submit the [Conference Workshop Proposal](#) Form by **May 18, 2018**. Selected presenters will be notified by the week of June 11, 2018. **Questions?** Contact PASE Conference Committee at conference@pasesetter.org using subject line: Workshop Proposal Question.
