WHAT IS YOUR LEADERSHIP STYLE?

THE SUCCESS TRIANGLE

PUTTING IT ALL TOGETHER:

Setting goals towards positive
outcomes for the year

1. How can you use your increased knowledge of your own leadership style to communicate and collaborate with others at your organization?
2. How might your leadership style get in the way of effective collaboration or communication?
3. What do you need from others in order to grow as a leader?

Hope is the belief that the future will be
better than the present, along with the belief
that you have the power to make it so.
