

# Morgan Stanley Summer Teaching Fellows

Meet the 2023 Morgan Stanley Summer Teaching Fellows, a select group of college students committed to education and high-quality summer programs for all youth. Matched with community-based organizations throughout New York City, our Summer Teaching Fellows enhance the educational opportunities and learning experiences for children living in poverty, so they return to school ready to learn.

PASE recruits, trains, supervises and provides a stipend to the Fellows, who gain direct teaching experience and an opportunity to explore their passions and interests in working with youth.

Thank you to Morgan Stanley, The Charles Hayden Foundation, and all of you who support the Summer Teaching Fellows and PASE!
